

How to create a new Jira project and Confluence space?

Requesting a new Jira Project or Confluence Space is restricted to be performed by the OUS Jira Admin. Please reach out to ous-devops@abbvie.com to request one.

Step-by-step guide

1. Send an email to "BTS Agile DevOps Program" <btsdevops@abbvie.com> and request them to create a new Jira project and Confluence space.
2. Ask them to make you the admin for the new project/space
3. Provide a name that you want to use for the project.
4. Once the project/space is created follow the process from the above section to onboard members
